

## Student talk...

Our classroom is super friendly and is a good working environment. It's not loud and we learn lots! I am head student this year and I enjoy working with other students and being trusted with more responsibility. I hope lots of students look up to me.  
-Paige P (Year 8, head student)

It's really cool because we don't have lots and lots of people in the classroom. It means we get lots of teacher time and it's easier to work.  
-Luke H (Year 8)

The small numbers make it easy to learn. I have only just started and everyone has been welcoming and kind.  
-Ruby H (Year 7)

William Pike has been a highlight for me so far this year! I wanted to be apart of it for years. It makes us get out of our comfort zone and try new things we would get to normally get to do.  
-Hamish T (Year 8, Head student)

We get to do William Pike which is AWESOME! I can't wait for camp and going on the R Tucker Thompson boat and learn new things!  
- Elise M (Year 8)
